AI safety quantitative verification survey latest version

ExpertReview score Fair

Prolific ID | 1 Question

Demographic collection

Demographic Q1

Roughly how many software projects have you worked on involving pre-trained AI models?

- 0 - never
- 1 - 5
- 5- 10
- 10 - 25
- 25+

+ Add page break

Demographic Q2

How many years of deep learning experience do you have?

- 0
- 1-2
- 3-5
- 6-10
- 10+

Demographic Q3

How many years of software engineering experience do you have?

- 0
- 1-2
- 3-5
- 6-10
- 10+

Demographic Q4

Gender: how do you identify?

- Male
- Female
- Non-binary
- Prefer to self-describe, below
- Prefer not to say

Demographic Q5

What is your current country of residence?

- I will specify below
- Prefer not to say

Early end of survey

Thank you so much for your interest in this study. Unfortunately, your profile does not match with the requirement of this study.

Your completion code is CKJE49U1

Import from library | Add new question

Demographic next

Demographic Q5

What is your current or most recent job position in the development of AI-enabled software?

Demographic Q6

Could you describe one of the last three AI applications you developed, including your specific role in its development? (At least 20 words)

AI consideration

Consideration Q1

How important is it to **ensure that the content of datasets used for fine-tuning an AI model is thoroughly reviewed and curated**?

- Not at all important
- Slightly important
- Moderately important
- Very important
- Extremely important
- I don't know

Consideration Q2

How important is it to **evaluate the content and quality of datasets used to pre-train AI models**?

- Not at all important
- Slightly important
- Moderately important
- Very important
- Extremely important
- I don't know

Consideration Q3

How important is it to **establish secure and efficient practices for storing, transferring, and accessing data during the development of AI-enabled software**?

- ◯ Not at all important
- ◯ Slightly important
- ◯ Moderately important
- ◯ Very important
- ◯ Extremely important
- ◯ I don't know

Consideration Q4

How important is it to **address risks of data leakage from AI models (e.g., sensitive or private data being unintentionally exposed)**?

- ◯ Not at all important
- ◯ Slightly important
- ◯ Moderately important
- ◯ Very important
- ◯ Extremely important
- ◯ I don't know

Consideration Q5

How important is it to **prevent AI models from generating inappropriate, biased or harmful content**?

- ◯ Not at all important
- ◯ Slightly important
- ◯ Moderately important
- ◯ Very important
- ◯ Extremely important
- ◯ I don't know

Consideration Q6

How important is it to **ensure that AI models perform reliably under various conditions and scenarios**?

- ◯ Not at all important
- ◯ Slightly important
- ◯ Moderately important
- ◯ Very important
- ◯ Extremely important
- ◯ I don't know

Consideration Q7

How important is it to **address the potential for malicious use of AI-enabled software by end-users**?

- ◯ Not at all important
- ◯ Slightly important
- ◯ Moderately important
- ◯ Very important
- ◯ Extremely important
- ◯ I don't know

Consideration Q8

How important is it to **mitigate risks of the software being used irresponsibly by end-users**?

- ◯ Not at all important
- ◯ Slightly important
- ◯ Moderately important
- ◯ Very important
- ◯ Extremely important
- ◯ I don't know

Attention Q1 *

This is an attention check, please select Strongly agree for this question.

Based on the text description, what choice have you been asked to enter?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree

Optional Q1

Optional: Do you have any comments to add?

Development practices

Intro dev prac

Please read the introduction to different context of AI safety issues carefully, and select how frequently do you adopt each approach when handling them.

Data concerns

Data concerns refer to issues related to the content of fine-tuning or pre-trained datasets, including biased, inappropriate, or privacy-sensitive information. These concerns also encompass data management aspects, such as storage, transfer, and access.

Data concerns Q1

How often do you **test and evaluate the safety** of your AI model as part of your approach to handling potential **data concerns** during its development? (**Data concerns refer to issues related to the content of fine-tuning or pre-trained datasets, including biased, inappropriate, or privacy-sensitive information. These concerns also encompass data management aspects, such as storage, transfer, and access.**)

- I don't do this at all
- I do this occasionally when necessary
- I do this regularly as part of my process
- I prioritise this as a critical task
- Not applicable to my work

Data concerns Q2

How often do you **iterate on your AI model or system to improve its safety** as part of your approach to handling potential **data concerns** during its development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Data concerns Q3

How often do you **maintain clear documentation** as part of your approach to handling potential **data concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Data concerns Q4

How often do you **develop evaluation datasets for AI model safety** as part of your approach to handling potential **data concerns** during its development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Data concerns Q5

How often do you **collect user feedback regarding AI safety concerns** as part of your approach to handling potential **data concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Data concerns Q6

How often do you **ensure dataset quality** as part of your approach to handling potential **data concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Data concerns Q7

How often do you **adopt security practices in the development and deployment of AI systems** as part of your approach to handling potential **data concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Data concerns Q8

How often do you **collaborate with your team** as part of your approach to handling potential **data concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Page Break

model concern

Model behavior concerns refer to model outputs that may include inappropriate, biased, harmful, or privacy-sensitive content. They also encompass the robustness and reliability of the model.

model Q1

How often do you **test and evaluate AI model safety** as part of your approach to handling potential **model behavior concerns** during AI software development? **(Model behavior concerns refer to model outputs that may include inappropriate, biased, harmful, or privacy-sensitive content. They also encompass the robustness and reliability of the model.)**

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

model Q2

How often do you **iterate on your AI model or system to improve its safety** as part of your approach to handling potential **model behavior concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Attention Q2

This is an attention check, please select Neutral for this question.

Based on the text description, what choice have you been asked to enter?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree

model Q3

How often do you **maintain clear documentation** as part of your approach to handling potential **model behavior concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

model Q4

How often do you **develop evaluation datasets for AI model safety** as part of your approach to handling potential **model behavior concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

model Q5

How often do you **collect user feedback regarding AI safety concerns** as part of your approach to handling potential **model behavior concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

model Q6

How often do you **ensure dataset quality** as part of your approach to handling potential **model behavior concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

model Q7

How often do you **adopt security practices in the development and deployment of AI systems** as part of your approach to handling potential **model behavior concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

model Q8

How often do you **collaborate with your team** as part of your approach to handling potential **model behaviour concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

Page Break

Interaction

Human-software interaction concerns refer to how users interact with the AI-enabled software. These concerns include irresponsible use of the software in unintended ways, excessive reliance on the software, or malicious use and attacks on the system

interaction Q1

How often do you **test and evaluate AI model safety** as part of your approach to handling potential **human-software interaction concerns** during AI software development? (**Human-software interaction concerns refer to how users interact with the AI-enabled software. These concerns include irresponsible use of the software in unintended ways, excessive reliance on the software, or malicious use and attacks on the system**)

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

interaction Q2

How often do you **iterate on your AI model or system** to improve its safety as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

interaction Q3

How often do you **maintain clear documentation** as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ I don't know / Not applicable to my work

interaction Q4

How often do you **develop evaluation datasets for AI model safety** as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

interaction Q5

How often do you **collect user feedback regarding AI safety concerns** as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

interaction Q6

How often do you **ensure dataset quality** as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- ◯ I don't do this at all
- ◯ I do this occasionally when necessary
- ◯ I do this regularly as part of my process
- ◯ I prioritise this as a critical task
- ◯ Not applicable to my work

interaction Q7

How often do you **adopt security practices in the development and deployment of AI systems** as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- I don't do this at all
- I do this occasionally when necessary
- I do this regularly as part of my process
- I prioritise this as a critical task
- Not applicable to my work

interaction Q8

How often do you **collaborate with your team** as part of your approach to handling potential **human-software interaction concerns** during AI software development?

- I don't do this at all
- I do this occasionally when necessary
- I do this regularly as part of my process
- I prioritise this as a critical task
- Not applicable to my work

Optional Q2

Optional: Do you have any comments to add?

Challenge

Challenge Q1

Do you agree that the **lack of adequate evaluation metrics and benchmarks** is a challenge for addressing AI safety during development?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q2

Do you agree that **incomplete or inadequate documentation** is a challenge in addressing AI safety concerns?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q3

Do you agree that **not having robust systems for monitoring AI models during deployment** is a challenge for ensuring AI safety?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q4

Do you agree that **uninterpretable AI model behavior** is a challenge for addressing safety issues?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q5

Do you agree that **balancing performance improvements with ensuring AI safety** is a challenge?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q6

Do you agree that **not being able to consistently monitor and maintain AI models for safety throughout their lifecycle** is a challenge?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q7

Do you agree that **insufficient policies and systematic methods for approaching AI safety concerns** are a challenge for addressing AI safety?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q8

Do you agree that **unreliable methodologies for approaching AI safety concerns, such as dataset construction methods,** are a challenge for addressing AI safety?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q9

Do you agree that **limited financial and time resources** are a challenge for addressing AI safety?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q10

Do you agree that **not having enough skilled personnel is a challenge** for addressing AI safety concerns?

- ◯ Strongly disagree
- ◯ Disagree
- ◯ Neutral
- ◯ Agree
- ◯ Strongly agree
- ◯ I don't know

Challenge Q11

Do you agree that **gaps in technology knowledge related to AI safety** are a challenge?

- ○ Strongly disagree
- ○ Disagree
- ○ Neutral
- ○ Agree
- ○ Strongly agree
- ○ I don't know

Optional Q3

Optional: Do you have any comments to add?
